ATTACHMENT R

In order to meet the NASA requirement of having all platforms certified by NSTL prior to contract award, INTELLISOURCE is submitting an updated ATTACHMENT R TECHNOLOGY REFRESHMENT BASELINE to the model contract. Modifications include change of models because the results of NSTL Laboratory testing did not confirm manufacturers' in-house testing results, inability to acquire NSTL ratings on some products prior to BAFO submission, and lower cost products that are now NSTL-certified. Other modifications include NSTL Performance Profile Ranking to be consistent with NSTL's ranking and NSTL's Date of Certification. The last modification is to add the Comp 1 platform, which was not included in the model contract.

ATTACHMENT D

Attachment D is being updated to make it consistent with Attachment R.

ATTACHMENT R

In order to meet the NASA requirement of having all platforms certified by NSTL prior to contract award, INTELLISOURCE is submitting an updated ATTACHMENT R TECHNOLOGY REFRESHMENT BASELINE to the model contract. Modifications include change of models because the results of NSTL Laboratory testing did not confirm manufacturers' in-house testing results, inability to acquire NSTL ratings on some products prior to BAFO submission, and lower cost products that are now NSTL-certified. Other modifications include NSTL Performance Profile Ranking to be consistent with NSTL's ranking and NSTL's Date of Certification. The last modification is to add the Comp 1 platform, which was not included in the model contract.

Contracting Officer Technical Representative (COTR) Delegation

TO: Robert Freitas	FROM: Karen Smith
CONTRACTOR RMS Information Systems, Inc.	CONTRACT NO. NAS5-98145 S-23602-G

1. Pursuant to the Federal Acquisition Regulation (FAR) and NASA FAR Supplement, you are hereby appointed the Deputy Contracting Officer Technical Representative (Deputy-COTR) for the contract identified above. The Deputy-COTR's function is to serve as technical liaison between the Contractor and the Contracting Officer. The Deputy-COTR is responsible for monitoring the Contractor's performance and delivery of the final product and/or services under the contract. Specific duties and responsibilities are listed in paragraph 3 below.

2. The duties delegated in this letter are not redelegable. The Deputy-COTR is cautioned that he or she may be personally liable for actions taken or direction given beyond the authorities delegated in this letter.

3. The following authority and responsibilities, when checked below, are hereby delegated to the individual appointed by paragraph 1 above.

(X) a. Monitor contract performance and immediately report all problems related to it to the contracting Officer. Keep the Contracting Officer informed, both orally and in writing, of the status of the contract and performance of its requirements. No periodic reports, as such, are required, but care should be taken to promptly report any potential disagreement or controversy that may arise.

( ) b. Establish, and provide to the Contracting Officer, a surveillance plan that will ensure receipt of the quantity and kinds of supplies or services required by the contract.

( ) c. Perform on-site surveillance in accordance with the surveillance plan (see paragraph 3b above). Document surveillance activities and provide a copy of documentation to the Contracting Officer (see paragraph 3(a) above). Assure technical proficiency and compliance with the technical provisions of the contract by review and verification of the performance of the work accomplished by the Contractor. Coordinate with Defense Contract Administration Services (DCAS) when a partial contract administration delegation has been made to that agency to ensure that there is no duplication of administration efforts.

(X) d. Ensure that the Contractor complies with the defined Statement of Work or specifications included in the contract. Assist the Contractor and the Contracting Officer in interpreting technical requirements of the contract scope of work or specifications. Differences of opinion shall be referred to the Contracting Officer for resolution.

( ) e. Assure that the Contractor uses the levels of personnel contracted for and necessary for performance of contractual requirements and that the level of personnel contracted for is not diluted by the excessive use of low caliber personnel.

(X) f. Review and evaluate the Contractor's progress in relation to expenditures and advise the Contracting Officer of any disparity indicating excessive or deficient funding.

(X) g. Review Contractor invoices and recommend approval/disapproval for payment as appropriate. Such review shall be completed in a manner so as to allow timely payment under the Prompt Payment Act and avoidance of payment of interest penalties.

(X) h. Recommend in writing to the Contracting Officer any changes desired in scope and/or technical provisions of the contract with justification for the proposed action. If the Contractor proposes a change, obtain the Contractor's written statement to that effect and forward it to the Contracting Officer together with your analysis and recommendation. YOU ARE NOT DELEGATED TO AUTHORIZE ANY CHANGES IN THE STATEMENT OF WORK OR SPECIFICATIONS OR DUTIES OF THE PARTIES AS STATED IN THE CONTRACT.

(X) i. Ensure that proper action has been taken to formally modify the contract before the Contractor proceeds with any changes in the work or services to be performed.

(X) j. As requested, prepare and forward to the Contracting Officer cost estimates for any proposed increase or decrease in the work and/or services to be performed. Obtain certified funds when necessary for proposed increases.

(X) k. Perform inspections of completed work and/or services and certify or have certified (by authorized Government officials) acceptance or nonacceptance of work.

(X) l. After completion of work, notify the Contracting Officer when the Contractor has met all terms of the contract and make any appropriate recommendations.
